**Re: WC Docket No. 14-58
2015 ETC Annual Report of New Lisbon Telephone Company
Study Area Code 320796**

Dear Ms. Dortch:

On behalf of New Lisbon Telephone Company ("New Lisbon"), JSI files the attached confidential and redacted versions of the FCC Form 481 ETC annual reporting information pursuant to sections 54.313 and 54.422 of the Commission's rules.¹ New Lisbon seeks confidential treatment under Protective Order for section 54.313(f)(2) financial information.² The redacted version is also being filed this date via the FCC's Electronic Comment Filing System. In addition, attached is a letter requesting confidential treatment under Sections 0.457 and 0.459 of its Progress Report on its Five-Year Service Quality Improvement Plan as required by Section 54.313(a)(1).³

Please direct any questions regarding the filing to the undersigned.

Sincerely,

John Kuykendall
JSI Vice President
301-459-7590

**Re: WC Docket No. 14-58
2015 ETC Annual Report of New Lisbon Telephone Company
Study Area Code 320796
Request for Confidentiality**

Dear Ms. Dortch:

John Staurulakis, Inc. (“JSI”), on behalf of its client New Lisbon Telephone Company (“Company”) hereby requests, pursuant to Sections 0.457 and 0.459 of the Commission’s rules,¹ withholding from public inspection certain information contained in an attachment to the above referenced reporting requirement. The Company provides the following in support of its request, numbered consistent with the subparagraphs of Section 0.459(b).²

1. The information for which the Company is seeking confidential treatment is an attachment to the Company’s annual reporting information pursuant to Sections 54.313 and 54.422 of the Commission’s rules (“Report”).³
2. Pursuant to Section 54.313(a)(1), Rate-of-Return Eligible Telecommunications Carriers (“ETCs”) must file with the Commission a Progress Report on its Five-Year Service Quality Improvement Plan (“Progress Report”) which is contained in the attachment to the 2015 Report.⁴
3. The information contained in attachment for which the Company seeks the withholding from public inspection is the entirety of data pertaining to the Company’s Five-Year Plan provided at FCC Form 481 Line 112 attachment. Information of this nature is confidential commercial information routinely withheld from public inspection.

¹ 47 C.F.R. §§ 0.457, 0.459.

² 47 C.F.R. § 0.459(b)(1) through (9).

³ 47 C.F.R. §§ 54.313, 54.422.

⁴ 47 C.F.R. §§ 54.313(a)(1).

Echelon Building II, Suite 200
9430 Research Blvd., Austin, TX 78759
phone: 512-338-0473, fax: 512-346-0822

Eagandale Corporate Center, Suite 310
1380 Corporate Center Curve, Eagan, MN 55121
phone: 651-452-2660, fax: 651-452-1909

6849 Peachtree Dunwoody Road
Bldg. B-3, Suite 200, Atlanta, GA 30328
phone: 770-569-2105, fax: 770-410-1608

547 South Oakview Lane
Bountiful, UT 84010
phone: 801-294-4576, fax: 801-294-5124

4. With respect to identifying the degree to which the subject attachment concerns a service that is subject to competition, the information is of a financial and competitive nature regarding the provision of telecommunications services. The Line 112 attachment contains competitively sensitive information related to proposed improvements or upgrades and maintenance the Company's network.

In its *March 5, 2013 Order*, the FCC. The FCC specified that for rate-of-return carriers, the five-year plans "should describe the carrier's network improvement plan, which should provide greater visibility into current plans to extend broadband service to unserved locations in rate-of-return service territories."⁵ The Company's Progress Report updates this information as well as provides maps and detailed information as to whether or not network improvement objectives were achieved at the wire center level. Accordingly, because the Company is a rate-of-return carrier, it must file Progress Reports which contain proprietary, competitively sensitive information related to the Company's existing network including the specific locations of customers as well as describe proposed improvements or upgrades and maintenance of its network throughout its service area. Specifically, this information sets forth services provided by the Company over its existing network including specific locations of customers as well as planned network improvement and maintenance for the years 2015 through 2019 including project start and completion dates, population that will be impacted by the improvements and upgrades at the wire center level and projected capital costs associated with the improvements and upgrades and operating costs associated with maintaining the network including depreciation for investments that have already been made. As such, this information contains competitively sensitive information related to the Company's existing network as well as detailed plans at the wire center level for network upgrades and maintenance projected for the years 2015 through 2019.

5. With respect to identifying possible exposure to competitive harm, the information contained in the Line 112 attachment is information that is not customarily released to the public. This information is proprietary to the Company, is unique to the Company's serving territory and is only known to the Company and its authorized agents. If the Information is not protected, it would have economic value to potential competitors who would be able to target their marketing to specific customers. In a competitive telecommunications marketplace, this type of information is highly sensitive. If publicly disclosed, it would enable competitors to craft business plans that capitalize on their knowledge of the locations of the Company's customers which would place the Company at a competitive disadvantage.

⁵ See *Connect America Fund et al.*, WC Docket 10-90 *et al.*, Order, DA 13-332 (rel. Mar. 5, 2013) ("*March 5, 2013 Order*") at para 9 citing Section 54.202(a) (1) (ii).

6. With respect to steps the Company has taken to ensure against unauthorized disclosure of the information contained in the attachment, the Company is filing the attachment under seal. The Company uses the information contained in the Five-Year Plan to ensure that its customers continue to receive state-of-the-art high quality telecommunications and broadband services that the Company has been providing to them for many years as well as to satisfy mandatory reporting requirements and does not share the information for which protection is sought. The Company protects the secrecy of this information with a security protocol that ensures the information is not inadvertently disclosed or disseminated. Only directors, managers and employees with a direct need to know are authorized to access the information.
7. Any previous versions of this information are not publicly available.
8. Because the information is not routinely available, a need exists for maintaining the confidentiality of this information permanently.
9. Not applicable.

Based on the preceding, JSI respectfully requests on behalf of the Company that the Commission grant confidential treatment under Section 0.459 to Company's Five-Year Plan provided at FCC Form 481 Line 112 attachment.

Please contact the undersigned with any questions regarding this request.

Sincerely,

John Kuykendall
JSI Vice President
301-459-7590

**Five-Year Network Improvement Plan and
Progress Report**

ATTACHMENT REDACTED IN ENTIRETY

New Lisbon Telephone Company demonstration of complying with applicable service quality standards and consumer protection rules for voice and broadband services:

In establishing this certification in its *2005 ETC Order*,¹ the FCC found that an ETC must make “a specific commitment to objective measures to protect consumers.”² The Commission found that for wireless ETCs, compliance with CTIA’s Consumer Code for Wireless Service would satisfy this requirement” and that the sufficiency of other commitments would be considered on a case-by-case basis.³ In this context, the FCC stated, “to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement.”⁴

New Lisbon Telephone Company (“Company”) hereby certifies that it is complying with applicable service quality standards and consumer protection rules. The Company is subject to consumer protection obligations under the Indiana Code (IC) and Indiana Administrative Code (IAC). These obligations include, but are not limited to, the following: (1) adherence to Indiana state consumer protection requirements governing telephone providers which include Quality of Service rules as identified in IC 8-1-17.5-24, and Compliance with Anti-Slamming and Anti-Cramming Procedures as adopted in IC 8-1-29-5, Rule 1.1 170 IAC 7-1.3-8.1; (2) truth-in-billing requirements as required in

¹ *Federal-State Joint Board on Universal Service*, CC Docket No. 96-45, Report and Order, FCC 05-46 (rel. Mar. 17, 2005) (“*2005 ETC Order*”).

² *Id.* at para. 28.

³ *Id.* The FCC noted that under the CTIA Consumer Code, wireless carriers agree to: “(1) disclose rates and terms of service to customers; (2) make available maps showing where service is generally available; (3) provide contract terms to customers and confirm changes in service; (4) allow a trial period for new service; (5) provide specific disclosures in advertising; (6) separately identify carrier charges from taxes on billing statements; (7) provide customers the right to terminate service for changes to contract terms; (8) provide ready access to customer service; (9) promptly respond to consumer inquiries and complaints received from government agencies; and (10) abide by policies for protection of consumer privacy.” *Id.* at n. 71.

⁴ *Id.* at n. 72.

Rule 1.3 170 IAC 7-1.3-6; and (3) CPNI, Red Flag Rules and other applicable federal and state requirements governing the protection of customers' privacy.

In addition, the Company is subject to consumer protection obligations for broadband services under federal law. These obligations include, but are not limited to, the following: public disclosure of accurate information regarding network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in F.C.C. 47 C.F.R. Part 8 §8.3. The Company furthermore will comply with all requirements set forth in the 2015 *Open Internet Order* when it becomes effective.

New Lisbon Telephone Company demonstration of ability to function in emergency situations for voice and broadband services:

New Lisbon Telephone Company (“Company”) hereby certifies that it is able to function in emergency situations as set forth in the Code of Federal Regulations, Title 47, Part 54, Subpart C, §54.202(a)(2)¹ and Rule 1.2, 170 IAC 7-1.2-18 of the Indiana Administrative Code. The Company’s network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Company can change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations will also allow the Company to manage traffic spikes throughout its network, as emergency situations require.

Specifically, each central office building is supplied with standby generators and battery back-up that enable the central office to keep running until power is restored so long as fuel is available, or until system changes are made to reroute traffic. In accordance, and compliance, with Rule 1.2, 170 IAC 7-1.2-18, all switching offices or equivalent with installed emergency power generating equipment have a minimum of three (3) hours battery capacity; switching offices or equivalent without installed

¹ Section 54.202(a)(2) requires ETCs that are designated by the Commission to “demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations.”

emergency power generating equipment have a minimum battery capacity of five (5) hours.

The company's standby generators and battery back-up support both voice and broadband network equipment in the event of an emergency situation.

TELECOMMUNICATIONS DIVISION

Indiana Utility Regulatory Commission

Tariff No. T-7

The T-7 Tariff provides a central location for issues that affect many or all companies. Terms, conditions, and rates contained herein, are available for concurrence by any provider in that provider's individual tariff. Use of the T-7 is not required.

Explanation of Symbols

- (C) – to signify changed regulation or rate (See note below)
- (D) – to signify discontinued or deleted rate or regulation
- (I) – to signify increase
- (N) – to signify new rate or regulation
- (R) – to signify reduction
- (S) – to signify reissued or relocated material/text
- (T) – to signify a change in text but no change in rate or regulation

NOTE: When used in reference to a rate, the symbol (C) indicates that a changed rate or method of applying a rate will result in either an increase or a decrease for certain customers.

2.0 LOW-INCOME PROGRAMS¹

2.1 Description

The Low-Income Program is a federal program, that reimburses eligible telecommunications carriers (ETCs) for reducing their monthly service charges for voice telephony service as defined in 47 C.F.R. 54.101 to eligible low-income customers. The Company participates in this assistance program to increase the availability of telecommunications services to all consumers in its serving areas.

The Low-Income Program was approved pursuant to the Commission's Order of November 5, 1997, in Cause No. 40785. Pursuant to that Order, any telecommunications carriers desiring to be declared an Eligible Telecommunications Carrier ("ETC") for the purpose of receiving interstate Universal Service Funds may file a concurrence in I.U.R.C. T-7, Lifeline tariff, or may file a stand-alone tariff for such low-income programs (Cause No. 40785, Page 10). The structure of the program is outlined in the following paragraphs.

2.2 Definitions

The following terms shall be defined as follows:

Qualifying low-income subscriber – a subscriber who meets the low-income eligibility criteria established by the Indiana Utility Regulatory Commission:

Participation in at least one of the following federal programs:

- a. Medicaid; Supplemental Nutritional Assistance Program (SNAP) also known (T) as food stamps; Supplemental Security Income (SSI); federal public housing assistance or Section 8 (a Federal Housing Assistance Program administered by the Department of Urban Development); Low-Income Home Energy Assistance Program (LIHEAP); Temporary Assistance for Needy Families (TANF); or the National School Lunch's free lunch program (NSL).
- b. Annual Household Income is at or below 135% of the Federal Poverty Guidelines.

Toll blocking – a service provided by carriers that lets consumers elect not to allow the completion of outgoing toll calls from their telecommunications channel.

Toll control – a service provided by carriers that allows consumers to specify a certain amount of toll usage that may be incurred on their telecommunications channel per month or per billing cycle.

Toll limitation – denotes both toll blocking and toll control.

2.0 LOW-INCOME PROGRAMS (Continued)²

2.3 Lifeline Assistance**a. Description**

Lifeline Assistance reduces an eligible Customer's monthly rate for voice telephony service. (T)

b. Regulations

1. Lifeline Assistance is available to all residential customers who meet the following eligibility requirements:
 - i. Customers must be participants in at least one of the following programs:
Medicaid, Supplemental Nutritional Assistance Program (T) (SNAP), Supplemental Security Income (SSI), federal public housing assistance or Section 8 (a Federal Housing Assistance Program administered by the Department of Urban Development), Low Income Home Energy Assistance Program (LIHEAP), Temporary Assistance for Needy Families (TANF), or the National School Lunch's free lunch program (NSL).
 - ii. Annual Household Income is at or below 135% of the Federal Poverty Guidelines.
2. As a participant in Lifeline Assistance, customers are eligible to receive Toll Blocking Service or Toll Control Service, as described in their Indiana Serving Tariff, at no charge. These services will only be provided at the customer's request.
3. Local service deposit requirements will be waived for customers who voluntarily receive Toll Blocking Service or Toll Control Service.
4. Participants in Lifeline Assistance shall not be disconnected from Local service for non-payment of toll charges. In addition, the Company will not deny re-establishment of local service to customers who are eligible for Lifeline Assistance and have previously been disconnected for non-payment of toll charges.
5. Partial payments that are received from Lifeline customers will first be applied to local service charges and then to any outstanding toll charges.

New Lisbon Telephone Company (SAC 320796)**Response to Line 3010 – Milestone Certification (47 CFR §54.313(f)(1)(i))**

New Lisbon Telephone Company hereby certifies that throughout 2014, it took reasonable steps to provide upon reasonable request broadband service at actual speeds of at least 4 Mbps downstream/1 Mbps upstream, and currently, it is taking reasonable steps to provide upon reasonable request actual speeds of at least 10 Mbps downstream/1 Mbps upstream broadband service at with latency suitable for real-time applications, including Voice over Internet Protocol, and usage capacity that is reasonably comparable to comparable offerings in urban areas as determined in an annual survey, and that requests for such service are met within a reasonable amount of time.

New Lisbon Telephone Company (SAC 320796)**Response to Line 3012 - List of Community Anchor Institutions to Which the ETC Newly
Began Providing Service**

The FCC's *USF/ICC Transformation Order* requires a listing of community anchor institutions to which the ETC newly began providing broadband service. New Lisbon Telephone Company provided a list of community anchor institutions to which it provides service in its July, 2014 report and since that time, no new anchor institutions have been served.
